KOIAS International Symposium Cross-Cultural Possibilities of Atmospheric Studies

On February 4th 2024, KOIAS held an international symposium entitled “Cross-Cultural Possibilities of Atmospheric Studies” with the following program. We are looking forward to further collaboration.

Shinji KAJITANI (U of Tokyo):

Atmosphere as a Fundamental Concept of Philosophy

Yukiko KUWAYAMA (U of Tokyo):

A Linguistic Phenomenology of ki: A Cross-cultural Approach to Something Atmospheric

Lorenzo MARINUCCI (Tohoku U):

A Foreign Air: Atmospheric Perceptions and Interculturality

Yuhō HISAYAMA (Kobe U):

Touching Atmospheres. On the Japanese word fureru
Tonino GRIFFERO (Rome Tor Vergata U / Kobe U):
Slipping into East? The Challenge of Neo-phenomenological Atmospherology
