16-17:30, September 24th (Wed), 2025

Hybrid Event

Conference Room (大会議室), 5th Floor, Building C,
Graduate School of Humanities and Online

Atmospheres in Sport: A Neo-Phenomenological Approach

by **Maximilian Müller**

PhD Candidate, Goethe University Frankfurt (Germany)

Maximilian Müller is a PhD candidate in Sport Studies at the Goethe University Frankfurt working at the intersection of sport sociology, neophenomenological sociology, and atmosphere research. Their PhD project investigates atmospheric experience in digital sporting environments through qualitative research methods, contributing to both sport sociology and contemporary atmosphere studies.
